WRITING

Blank lined area for writing.

To: "Get to Know Teenagers Better" column
From: Paulina Hamilton
Date: 15/03/2016
Subjects: the results of the survey.

INTRODUCTION

I am writing to you in order to describe the results of the survey dedicated to popular ways of spending free time among modern teenagers. Students of our school took part in this opinion poll. I made the survey and demonstrated the results graphically with the use of my PC.

CHANGES

Teenagers' preferences have changed drastically since 2010. For instance, there is a sharp rise in the popularity of reading books. The amount of people keen on walking ~~has~~ changed slightly: 30% in 2010 to approximately 32% in 2016, but still it is a positive development.

On the other hand, popularity of going to the cinema has gone into a decline. Moreover, less time is spent on playing computer games.

POSSIBLE REASONS

More teenagers are becoming conscious enough to understand the importance of well-rounded education which makes it possible for an intelligent person to keep a conversation going or find a good and well-paid job in adult life. Aiming to get an opportunity to develop their abilities, students read a lot of books and find playing computer games and going to the cinema a waste of time. The majority of teenagers also want to be healthy and have some time for relaxation. For these reasons, respondents prefer spending more time (in comparison with 2010 datum) on walking and breathing fresh air.

FUTURE DEVELOPMENTS

As teenagers tend to spend their ~~free~~ time on the educational process and, in addition, reading, they may start to suffer from illnesses connected with their eyes and nervous systems. There are many unpleasant consequences of a lack of relaxation. Unfortunately, the joy of spending time on various entertainments is quite beyond our school administration's comprehension.

CONCLUSION

To let students have a rest from their studies, the administration of our school and our local city

government ought to give teenagers a choice of extra activities such as sport clubs, knitting circles, etc. Teenagers may choose different paths in life, narrow or wide, but all of them should be given equal opportunities to get the knowledge of the world and develop their abilities and skills.

40 + 19 = 59
