"let children study"

Have you ever donated money for charity?

It's known that in some remote places (in Russia) charities are set up rather seldom, but of course there are people who'd like to support the poor financially. Unfortunately, they are often ignored by the local government which is used to find numerous reasons not to connect their work with charity organizations.

To give you all a great opportunity to raise money we're opening a "let children study" charity in Davidovo. It'll last from the 1<sup>st</sup> of March till the 1<sup>st</sup> of April. Our aim is to sponsor small villages that need restoring and to send there

roc.

some money for building educational establishments. We already have the experience of setting up charities in different parts of the country.

92 In the picture right here you can see our volunteers hanging a big donation box for the citizens of an unknown town in the Moscow area. The head of the town is very delighted and thankful to everyone for help. 100.

We find our charity events important because in some cases there are no more ways to collect donations.

Many participants of our activities have also estimated that such events are very useful and they'd like us to lead them more often in their native towns.

100 All the members of our team value your generosity and kindness. We hope to meet you in the next 2 weeks in the building of the local city centre on the second floor. Good luck!
