Задача 4. (наमानо)

Dear future Anastasiya,

I hope you're doing well when you're reading this.  
I really do.

I'm writing this to you now, when I'm just a teenage girl with a lot of anxiety inside her. The girl who sleeps very little because of school exams. The girl who doesn't really like the way her body is but is too nervous to exercise at the gym with other people around. ~~the~~ The girl who blames herself for eating when she's stressed. Me, your past self, who knows that it's not the right way to live, but dreams of starting everything from scratch when the school's over.

And I hope that I managed to do it. That we both managed. I want to go to bed early and wake up in the morning feeling energized, not exhausted. Then, to have a good meal and be happy about it. It'll also be cool to start doing yoga or any other sport on a regular basis - who knows, maybe I'll even grow to like team sports! And please tell me we haven't abandoned our hobbies and aren't ashamed of them anymore. Who cares what others think? You should be happy for yourself.

Задание 4. (информационное)

What physical activity do you usually do? How do you handle stress? Have you managed to fix your sleeping schedule yet? And finally, are you satisfied with your life right now?

Wherever you are, dear Me, I support you. Thanks for taking care of us. Keep getting better every day.

I can't wait to hear from you.

Lots of love,  
past Anastasiya
