Sleeping Beauty

Once upon a time in the city of New Orleans there lived a rich CEO named Susan. She started to be the most beautiful woman in the world, and she was, until...

"Sir, Sir on the wall, who's the prettiest of them all?" - She asked

"According to Google the prettiest woman in the world is Sydney Foster."

"What? I won't stand for this! Have her kidnapped and sent to the woods immediately!" - she screamed with rage.

So there was our beautiful Sydney, walking, scrolling tiktoks, when suddenly two black cars drove up and forcefully took her to the woods.

In the woods she tried to open the maps app, but there was no signal! That was until she stumbled into a little house. She was so exhausted that she fell asleep there immediately.

She was awakened by dwarves who explained to her that this was the dwarf commune. They then shared the wifi password with her so she could post again. Susan found out about this and asked her employees to stop

Sydney. So they broke into the communal house and broke Sydney's phone.

Sydney fell into a deep depression and wouldn't sleep for days. A rich white man found out about what happened and decided to help the depressed beauty. He drove 1000 miles and finally got Sydney a new iPhone.

Числов. 3.

She then fell out of her depression and married
the man. He then bought Susans company
and freed her. The end.
