Have you ever heard of the annual VDN/KH exhibition in Moscow? Many locals claim that the exhibition is the best and the most charming event you could possibly find in the capital of Russia. But why is it so significant and why do so many people like it?

First and foremost, it is worth saying that it is not just an exhibition but a huge festival, which consists of museums, art galleries and many other facilities. However, it is quality, not a range of subjects also plays a major role in attracting so many people. For instance, if you are a kid or a teenager, you will be able to find an excursion dedicated to space. There are plenty of excursions developed specially for the younger generation. This means that any kid would be able to find a non-scientific excursion about some simple subjects like sports or space.

Besides, what makes the festival so significant for a wider community is the fact that there is an annual exhibition dedicated to different Russian regions and their developments. Thus, the exhibition portrays the importance of every region, making the festival appealing to tourists who come from different parts of Russia. Furthermore, this event also aims at expanding locals' knowledge about different Russian cultures, customs and traditions.

Overall, the VDNKH exhibition makes a big contribution to expanding people's knowledge in all kinds of subjects. As well as that, the annual exhibition, dedicated to Russian regions, helps both ^{locals} ~~locals~~ and tourists comprehend each other's customs, traditions and cultures. Undoubtedly therefore, there is no denying that you will definitely find something to explore for yourself, irrespective of your age, gender and nationality.

 23) A (What I love about baking is how calming it is.)
 24) C (Acting has allowed me to think outside of the box and explore a side of myself I never really tapped into before.)

 28) A (I've ~~that~~ always baked, but it was something I used to do only occasionally... and I didn't feel over the moon when I was doing it. Then, a few months ago, I decided to join a weekend artisan bread-making workshop. I was amazed at how much I learned and how satisfying it felt to create something from scratch.)
 29) D (What I love most is how disconnected I feel from the online world when I'm out there.)
