Task 4.

Once upon a time, the Little mermaid, also known as Ariel, decided to ~~brighten her mood~~ ^{make her day better} by buying something delicious in the local store. The sun had already set, so she was unable to contact the delivery. She didn't want to bother her sleeping father, so Ariel decided to go there by herself. She quickly dressed up and went outside.

While Ariel was leaving her apartment, she realised that the only way to the shop was through a dark alley, where she had never been without her father. "No worries, I'll just walk fast enough," the Little Mermaid thought to herself. She made a turn and disappeared in the dark abyss of the night.

The first few minutes of her walk were completely normal, and nothing seemed to go wrong.

Little did she know, there was a criminal following her. It was a green white shark wearing black clothes. Its ^{adorned with diamonds} only goal was to steal the Ariel's magical necklace. The necklace was removed to ^{grant} the owner good luck. While walking, Ariel heard a strange squeaky voice behind her.

"Gimme it! Gimme it!" it said. She turned around and saw a shark rapidly going after her. Ariel's heart skipped a beat. She burst into running. Luckily, there was an on-duty police officer patrolling the streets.

"Police! Freeze!" he shouted. The shark didn't seem to listen, so the officer decided to tase it.

The shark was sentenced to spend years in prison for his previous criminal records, while the Little Mermaid learned to never go out at night without her father.
