Task 4 (Beauty and the Beast)

Once upon a time there lived a girl named Bella. Everyone said that she was the prettiest one and called her "Beauty". But her soul wasn't as beautiful as she was. The girl thought that only pretty people could be good and kind. Beauty hated ugly ones.

One day, at ~~the~~ IT lesson a teacher said: "Children, I want you to do a very interesting project. You have to make an app. Bella, you're the best in this class. You and Ben will be a team. He needs to be taught how to study and finish the year successfully."

Beauty wasn't happy to be in a team with Ben. In her opinion, he was the ugliest boy in the whole world. But she couldn't do anything and they decided to study in her big and beautiful house. Together they designed an app with a camera and different filters that could make a person prettier. ~~It was soon finished.~~

"Let's test this filter. I will take a photo of you and check how good our app works," said Bella. She pushed the button and a bright flash appeared. The girl closed her eyes and when she opened them, she saw no ugly teenager. There was a handsome man standing in front of her. It was later discovered

that Ben became as beautiful as his soul was. ^{Честовик}
 Bella couldn't believe her eyes. She had never thought
 how beautiful a person could be, and never judged
 people by ~~their~~ ~~appearance~~ beauty ever after.
