Task 5.

The Olympiad season has begun! May the odds be in your favour! Seeing the word "Olympiad", you probably thought of the famous sports competition. Actually, there are intellectual Olympiads too, for instance, the English Olympiad, which I participate in every year. Want to know how to prepare for it? Read the information below!

## MOTIVATION

Before you start your Olympiad journey, you have to determine <sup>your</sup> ~~the~~ primary motivation. Do you want to enter university without passing exams or do you just want to show off in front of your classmates? Strong motivation will help you stay consistent and will quickly get you back on track in moments of despair and

failure.

## HARD TRUTH

You can have a 9.0 in IELTS, you can be a native speaker of English, but you can still lose in the English Olympiad. Not only does it require in-depth knowledge of Country Studies, but also your writing has to fit the criteria. Shakespeare probably wouldn't win the Olympiad despite how amazing his works are.

## TIPS FROM AN EXPERT

During the brutal five years of my Olympiad career, I've collated some useful advice:

- Pick the criteria to pieces. The English Olympiad ~~is not~~ <sup>isn't</sup> about showing off your English level, it's about matching the requirements.
- Grammar over lexics. ~~Nobody is~~ <sup>Nobody's</sup> going to count how many C2-level words

you've used, however if you Учитель  
make the tiniest grammar slip, you'll get  
points off.

- Practice speaking. Those twenty points are valuable so hold onto every opportunity to speak English. Even talking to a wall will do; ~~it's nice to have an attentive listener around, anyway.~~

Finally, I want to wish everyone good luck ~~during~~ <sup>in</sup> this year's Olympiad season. I hope, I inspired some of you to participate in this competition! If you have any useful resources for the English Olympiad preparation, don't be shy to share them in the comments! Together we'll help a new generation of Olympiad winners!

К9-3

ТБ5 = 54

~~075 = 10 + 10 + 10 + 10 + 54 =~~
