Task 5

How to Win the English Olympiad: Easy Preparation

Have you ever dreamt about going to a top university? If you gave up on this idea because of being afraid of not passing all the exams, then you are not alone. Millions of students spend countless hours preparing for their exams. Eventually, most of them fail. However, there is a solution - Olympiads! In this blog post I will give you some recommendations on how to pass the English Olympiad with flying colours.

Learn the Basics

Unsurprisingly, you have to speak English to write the English Olympiad. This is the first step in your preparation - focus on learning English grammar and vocabulary. However, you don't have to burn the midnight oil and spend all your time on tedious studies of the language, the process can be really entertaining! Try various methods, implement English in your daily routine, read your favourite books in English and then you will definitely make progress.

Further Preparation

Now that your English is perfect, start preparing for the Olympiad itself. First and foremost, it is necessary to get familiar with the format of the Olympiad, its tasks, and some specific details. Then you should complete similar types of exercises, practice writing essays, articles, and blog posts. Make sure that your preparation includes all aspects of the language: listening, reading, writing, and speaking. Remember: practice makes perfect!

Never Give up

Even if the Olympiad seems impossible, you should give it a try. Unlike exams, the English Olympiad requires creativity and imagination, so you can show all your knowledge and unusual ideas. Now it's time for you to hit the books!
