On a nice day in the countryside, everything felt calm. It was the sunny middle of July. I was staying with my grandmother during this summer holidays. My days were very calm and relaxing and I enjoyed spending time with granny. That common morning I didn't expect anything extraordinary to happen.

Suddenly, a loud noise surprised everyone. I was confused. My grandmother had no idea about what could it be. I decided to make sure everything was alright and walked out of the house. As always, our village looked peaceful. However, I noticed that the door of my neighbour's barn was opened. Something was definitely wrong because he closed it every morning. Two seconds later I saw a goat running out of the barn. That was Tilly, the only one on his farm. I immediately decided to follow and return her back. Tilly was scared, so she could get lost in the forest. I'd never tried to catch a goat before and didn't know what to do. Fortunately, I took a rope from my granny's house. While following Tilly, I imagined myself being a cowboy and <sup>and</sup> became ~~no~~ braver. The goat began to feel tired and started to ~~move~~ <sup>moving</sup> slower. At that moment, I managed to stop her. Together, we returned back to ~~my neighbour's~~ <sup>the</sup> farm.

I'd never thought something so interesting ~~it~~ would happen to me. I was really glad to help my neighbour. He was very pleased by this action of kindness.  $05=20+6+10+49=855$
