Задача 6

Do you like it?

Introduction

It goes without saying that nowadays many people face difficulties socializing, especially teenagers and young adults. Everybody deserves to have a friend to talk to. That is why I have come up with an idea of opening a speaking club "D.Y.L.I", which stands for "do you like it".

Company's core and goals

First of all, let us talk about the services that we will provide for our customers. For a monthly fee they will be able to choose a number of meetings to attend. Each meeting will be devoted to one particular topic, which the customers can choose by voting. There

will be a special ^{Участник} guest ~~at~~ ~~in~~ every meeting who is an expert in the field. This way not only will the sessions help people ~~to~~ make like-minded friends, but ~~will~~ ^{will} also educate the attendants. These are our main goals, to educate our youth and to help them socialize by engaging in a ~~conversation~~ conversation.

Future plans

Furthermore, it is important to thoroughly plan the development of the company. Initially, [✓] a few offices will be opened in the biggest cities of the country. Later, as the company will make progress, more offices will be established in other regions. To ensure the growth of "D.Y.L.I" I am planning on starting an online blog where invited guests and me will talk about important topics that can interest the youth to raise their curiosity and invite them to join our club.

Conclusion

All in all, I believe that "D.Y.L.I" can help many people feel less ~~scared~~ ~~scared~~ scared of daily ~~interactions~~ interactions and help them build close friendships based on shared interests. All ~~they~~ our ~~as~~ customers have to do is ask a person sitting next to them, "Do you like it?".
