How to Prepare For the English Olympiads
~~to~~ Nowadays many people participate in Olympiads, some have a passion for competitions, others need extra points for ~~university~~ universities. No matter why people decided to participate in such event, they all have the same question. "How do I prepare for ~~it~~ it?" Let me share my own experience and give you some ~~some~~ recommendations.

Review Tasks.

It is very important to solve tasks ~~from~~ of the previous years. I do this for every olympiad I ~~part~~ ~~per~~ participate in, and not only for my grade. For example, while being in 9th grade, I solve tasks for the 9th, 10th and sometimes 11th grade. Why? Tasks in one grade might change through years, but they almost never change inside the olympiad. So, by knowing all task formats in one specific olympiad ~~to~~ you increase the chance of success.

Have a Rest

This might sound strange and useless to those, who just started their ~~path~~ ~~the~~ olympiad path. Although, those, who are experienced in this, would say that it is just as important as solving tasks, if not more important. Try not to worry on the day before the olympiad. Do something you like, for example go out with your friends, or watch a movie. Do not study that day, do not review the tasks. That will just make you feel stressed and will have no positive effect. Try to sleep at least 8 hours, this ~~is~~ might be complicated for students, who usually study during nights. However, going to bed early is half the success at the olympiad. Almost forgot, turn off all electronic devices a few hours before going to bed, let your brain rest.

And how do you ~~prepare~~ prepare for the olympiads? ~~Feel free to share~~
 Feel free to share your ~~personal~~ ~~experiences~~.

And how do you prepare for the olympiads? Feel free to share your experience!
