Task 5.

"An alternative to exams"

Have you always been interested in linguistics? Does the idea of sitting a state exam make you feel unnerved? Calm down! There's a much better way to enroll in a university of your dream. As you might have guessed, I mean English olympiads.

"The power of vocabulary"

When preparing for English olympiads, one may feel all at sea thinking of what to do. Here are some tips to make your road to success smoother. First things first, I strongly recommend reading books in English. There's no other source that can provide you with such a big number of idioms and expressions used by the natives but books which makes them priceless. ~~Second~~ Secondly, none would deny that the winner is the one who knows more words. You can ace the grammar quickly, but you can never learn enough ~~words~~ words. So, learn a few words daily and remember that a journey of a thousand miles begins with a single step.

"Psychological aspect"

If you have chosen olympiads as a way to enroll in a university, you have to remember one thing: olympiads can be exhausting and sometimes devastating. Nevertheless, you can't make an omelette without breaking eggs. Take all the

Whenever you feel down in the dumps, ask your family members or friends for help. It is of utmost importance that you don't get burnt out and Keep your endeavour. Anyway, you will realise yourself how rewarding olympiads can be. If you have your own ways of dealing with devastation, let us know in the comments. Pedal to the metal!
