Чемодан №2

A Meteor Flying To Us

On a nice day in the countryside, everything felt calm. I was there with my friends Mary and James. We lived in a small house near the field.

Suddenly, a loud noise surprised everyone. At first, it seemed to be a plane. So, we went out of our house with smile on our faces to take a photo of the plane. After a second, our faces changed from happiness to fear. We saw a small meteor flying straight to us. We went back home and started waiting. James and Mary were scared, but I wasn't because I was a hard nut. Then we heard that it landed. After that sound, our window was broken by something. It was a small part of the meteor. I came closer to it and took it. It was a piece of cake to lift it. After that, we called

 the police and asked them to take
 away the meteor. By the way, they didn't
 take the meteor which broke our window.
 Because of that we brought it to the
 laboratory. Experiments showed that
 it was safe, so we kept it.

I'd never thought something so
 interesting would happen to me. Now,
 the meteor is in my flat. I argued
 for a lot with my friends who would
 keep it. They chose me because I liked
 it. I don't want to sell it because
 it is part of the amazing story.
